

Fall Foliage Shade Trees

Celebration® Maple

Acer x freemanii 'Celzam'

1.5" \$299 2" \$399 3" \$599 4" \$1199

A hybrid of the Silver and Red Maples, the Celebration Maple is a deciduous accent tree that gets energetic growth from the Silver Maple side of its family. The excellent grower elevates at a stellar rate of 3 to 7 feet per year. Bright yellow-orange and red-orange hues in Fall.

Height: 40 - 50 ft. Width: 25 ft. Growth Rate: 3+ ft./yr.

Autumn Blaze® Maple

Acer x freemanii 'Jeffsred'

1.5" \$299 2" \$399 3" \$599 4" \$1199

A hybrid from *Acer rubrum* and *Acer saccharinum* parentage. Improved hybrid with brilliant, long lasting, orange-red fall color, an upright, uniform branching habit and a rapid growth rate. Will tolerate wet soils with good drainage. An excellent lawn, park or street tree.

Height: 50 - 60 ft. Width: 40 ft. Growth Rate: 2 ft./yr.

October Glory® Red Maple

Acer rubrum 'PNI 0268'

1.5" \$299 2" \$399 3" \$599 4" \$1199

Outstanding, reliable, bright orange to deep, reddish purple fall color - even in warmer climates. A tall form with a dense, rounded crown and large, medium green leaves in spring and summer. Foliage is held on the tree later into fall than with most cultivars.

Height: 40 - 50 ft. Width: 30 - 40 ft. Growth Rate: 1 - 2 ft./yr.

Red Sunset® Red Maple*Acer rubrum 'Franksred'***1.5" \$299 2" \$399 3" \$599 4" \$1199**

Pyramidal form when young that becomes rounded with age. Considered one of the best for early fall color. The glossy green leaves provide a very dynamic show, as they turn a brilliant orange-scarlet when temperatures begin to cool.

Height: 40 - 50 ft. Width: 30 - 35 ft. Growth Rate: 1 - 2 ft./yr.

Sun Valley Red Maple*Acer rubrum 'Sun Valley'***1.5" \$299 2" \$399 3" \$599 4" \$1199**

Glow in the fall with reliable bright red color. A hybrid between Red Sunset Maple and Autumn Flame Maple, it is completely seedless and features a very uniform, dense oval head.

Height: 35 - 40 ft. Width: 15 - 20 ft. Growth Rate: 1 - 2 ft./yr.

Legacy Sugar Maple*Acer saccharum 'Legacy'***1.5" \$299 2" \$399 3" \$599 4" \$1199**

A fast growing, densely branched, symmetrical shade tree. The thick, waxy, dark-green leaves have a definite sheen and are resistant to leaf tatter and scorching during summer months. In the fall, the entire tree transforms to bright red with touches of pink, orange and golden yellow.

Height: 50 - 60 ft. Width: 35 - 45 ft. Growth Rate: 1 - 2 ft./yr.

Sugar Maple

Acer saccharum

1.5" \$299 2" \$399 3" \$599 4" \$1199

Sugar maple is a native loved for its exceptional fall color ranging from brilliant yellow to burnt-orange. In summer, its lustrous foliage provides excellent shade, making it a great choice for parks, golf courses, and home landscapes.

Height: 60 - 75 ft. Width: 40 - 50 ft. Growth Rate: 1 - 2 ft./yr.

Chinese Pistache

Pistacia chinensis

2" \$399 3" \$599

Tough as nails, drought tolerant, easy to transplant, and pest free are all terms used to describe the Chinese pistache. This beautiful, medium-sized tree is perfect for both the home landscape and the urban environment. This tree is a member of the Anacardiaceae or cashew family.

Height: 25 - 35 ft. Width: 25 - 35 ft. Growth Rate: 1 - 2 ft./yr.

Allee® Lacebark Elm

Ulmus parvifolia 'Emer II'

1.5" \$299 2" \$399 3" \$599 4" \$1199

Rich green leaves, fine branching, high resistance to Dutch Elm disease and Elm beetles make it an exceptional choice. Best of all is the decorative, puzzle-like pattern that develops on the trunk and branches, displaying patches of grays, greens, and oranges. Yellow-orange to rust red fall color.

Height: 40 - 50 ft. Width: 30 - 35 ft. Growth Rate: 1-2 ft./yr.

Frontier Elm

Ulmus 'Frontier'

1.5" \$299 2" \$399 3" \$599 4" \$1199

Features beautiful leaves that are shiny dark green and bark that is smooth and grey. It has a pyramidal habit and striking, long-lasting red-purple fall leaf color. It also is resistant to Dutch elm disease and elm leaf beetle.

Height: 35 - 40 ft. Width: 25 - 30 ft. Growth Rate: 1 -2 ft./yr.

Village Green Zelkova

Zelkova serrata 'Village Green'

1.5" \$299 2" \$399 3" \$599 4" \$1199

Has a distinctive, broad, vase shape. A wonderful scaffold of branches for a great winter silhouette, medium-sized, dark green leaves that turn soft yellow, orange and russet in autumn. In addition they have a high tolerance for wind, pollution, drought and compacted soils.

Height: 30 - 40 ft. Width: 25 - 30 ft. Growth rate: 1-2 ft./yr.

Spring Flowering Trees

Autumn Brilliance Serviceberry

Amelanchier x grandiflora 'Autumn Brilliance'

1.5" Single Cane or 7' Clump \$299

2" Single Cane or 8' Clump \$399

A natural hybrid of several Serviceberry varieties, Autumn Brilliance Serviceberry offers a lovely landscape display all year-long. The flowers give way to small green berries that gradually deepen into red. They finally mature a deep, rich purple in early summer. Excellent orange-red fall color.

Height: 20 - 25 ft. Width: 15 - 20 ft. Growth Rate: 1 -2 ft./yr.

Eastern Redbud

Cercis canadensis

**** Limited Availability ****

1.5" \$299 2" \$399 3" \$599

Eastern redbud is a flowering tree that blooms before the leaves appear. In early spring, clusters of rose pink to light purple flowers mature and attract many pollinators including butterflies, and bees. The plant holds great wildlife value as a larval host plant and the bean pod fruits provide food for songbirds.

Height: 20 - 30 ft. Width: 25 - 35 ft. Growth Rate: 1 - 2 ft./yr.

Forest Pansy Redbud

Cercis canadensis 'Forest Pansy'

**** Limited Availability ****

1.5" \$299 2" \$399

Forest Pansy is a purple-leaved cultivar that has attractive red-orange fall color. The cultivar name arises from its attractive pansy-like flowers. Grows best in average soil in full sun or part shade though it can withstand heavy clay soils. This small tree is resistant to browsing by deer and can be planted near black walnut trees.

Height: 20 - 30 ft. Width: 25 - 35 ft. Growth Rate: 1 - 2 ft./yr.

Hearts of Gold Redbud

Cercis canadensis 'Hearts of Gold'

**** Limited Availability ****

1.5" \$299 2" \$399

Exceptional native redbud displays a riot of color in early spring as brilliant lavender-purple blooms appear on bare branches. Spring foliage emerges red, maturing to gold; shaded leaves will be green. Large, heart shaped leaves are burn-resistant even in full summer sun.

Height: 20 - 25 ft. Width: 30 - 35 ft. Growth Rate: 1 - 2 ft./yr.

American Yellowwood

Cladrastis kentukea

2" \$399 3" \$599

A slow growing, medium-sized tree with a broad rounded crown. It makes a fantastic compact shade tree, with smooth gray (almost beech-like) bark and bright green leaves that turn yellow-orange-gold in fall. Yellowwood is also prized for its early summer display of white, wisteria-like flower panicles that are borne heavily in alternating years or every third year. The tree gets its name from the bright yellow color of freshly cut heartwood.

Height: 30 - 50 ft. Width: 30 - 50 ft. Growth Rate: 1 ft./yr.

Cherokee Chief Flowering Dogwood

Cornus florida 'Cherokee Chief'

**** Limited Availability ****

1.5" \$299 2" \$399 3" \$599

A classic beauty, offering deep, ruby-red flower bracts and four seasons of interest. New leaves emerge bronze-red in spring, maturing to green. Autumn brings fantastic burgundy-red foliage. The show continues into winter, with red fruit clinging to bare branches. This small, low-branched tree has an attractive branching habit, giving a graceful, layered effect.

Height: 15 - 20 ft. Width: 20 - 25 ft. Growth Rate: 1 ft./yr.

Cherokee Princess Flowering Dogwood

Cornus florida 'Cherokee Princess'

**** Limited Availability ****

1.5" \$299 2" \$399 3" \$599

Fast growing native dogwood tree. A prolific bloomer, this tree produces large, snow white flowers in early spring before leaves appear. Red, late summer fruit attracts birds. Deep green leaves turn purple-red in fall. Prefers morning sun, with afternoon shade.

Height: 20 -25 ft. Width 20 - 25 ft. Growth Rate: 1 ft./yr.

Kousa Dogwood

Cornus kousa

**** Limited Availability ****

1.5" \$299 2" \$399 3" \$599

The Kousa dogwood is a handsome, small- to medium-sized tree reaching a mature height of 30 feet. Sometimes referred to as the Chinese dogwood, this tree is a cousin to our native flowering dogwood. Young trees grow in an upright fashion and in somewhat of a conical shape. They are vase-shaped in their youth. As a Kousa matures, it develops more horizontal branching, rounded form, and becomes more wide-spreading.

Height: 20 - 30 ft. Width: 15 - 20 ft. Growth Rate: 1 ft./yr.

Cloud Nine Dogwood
Cornus florida 'Cloud Nine'

**** Limited Availability ****

1.5" \$299 2" \$399 3" \$599

The 'Cloud Nine' dogwood has the appearance of a true *Cornus florida*, but It has blooms that are larger and more dense. Flowers which last for several weeks followed by persistent red berries. The foliage is supple dark green, showing vivid tones of scarlet and crimson in the fall.

Height: 20 - 30 ft. Width: 20 - 25 ft. Growth Rate: 1 ft./yr.

Pink Flowering Dogwood
Cornus florida f. rubra

**** Limited Availability ****

1.5" \$299 2" \$399 3" \$599

The pink dogwood is notable for the many pastel flowers that it produces each spring for about two to four weeks. Like other dogwoods, the pink varieties are very good landscape trees for the rest of the year, with green foliage that turns purplish in fall and reddish berries that draw birds.

Height: 20 -25 ft. Width 20 - 25 ft. Growth Rate: 1 ft./yr.

Winter King Hawthorn

Crataegus viridis 'Winter King'

1.5" \$299 2" \$399

Fewer thorns than other Hawthorns. Its beautiful, distinctive, and silver-gray bark is smooth when young but exfoliates with age. Glossy green foliage is attractive throughout the season, turning orange-red in the fall. It fruits profusely at a young age. The 3/8" orange-red fruits are showy and persist into winter.

Height: 25 - 30 ft. Width: 25 - 30 ft. Growth Rate: 1 - 2 ft./yr.

Prairifire Crabapple

Malus x 'Prairifire'

1.5" \$249 2" \$299

An outstanding flowering tree with an upright form that becomes rounded with age. Reddish new foliage matures to a dark green. Lovely deep pink spring flowers produce persistent, small, dark red-purple fruit. This easy-to-grow accent tree can be used as a single specimen in the front yard for curb appeal, or in the back where you may enjoy its seasonal changes. An excellent habitat and food source for wildlife.

Height: 15 - 20 ft. Width: 15 - 20 ft. Growth Rate: 1 - 2 ft./yr.

Robinson Crabapple

Malus x 'Robinson'

1.5" \$249 2" \$299

A pink-flowered crabapple noted for its rounded shape, deep pink flowers, red fruit and good disease resistance. Oval leaves (to 3" long) emerge purple when young, turn bronze green with red veining during the growing season and finally turn varying orange fall color. Crimson buds open in spring to deep pink flowers (1.5" diameter). Flowers are followed by bright red crabapples (to 3/8" diameter) that mature in fall and may persist into winter. Birds are attracted to the fruit. Fruit may be harvested for jellies.

Height: 15 - 25 ft. Width: 15 - 25 ft. Growth Rate: 1 - 2 ft./yr.

Sugar Tyme® Crabapple

Malus x 'Sutyzam'

1.5" \$249 2" \$299

A disease resistant crabapple with crisp green foliage. Lovely pale pink buds open to showy white flowers that completely blanket its upright habit. The flowers are some of the most fragrant among all crabapples. Red fruit persists through winter. The foliage color is a golden red in the fall.

Height: 15 - 20 ft. Width: 10 - 15 ft. Growth Rate: 1 ft/yr.

Kwanzan Flowering Cherry

Prunus serrulata 'Kwanzan'

1.5" \$249 2" \$299 3" \$499

A lovely specimen tree that puts on an incredible early season show with clusters of large, double deep pink blooms backed by bronzed new growth. An upright, vase-shaped branching habit perfect for lining a road or driveway. A stunning lawn specimen. Deciduous.

Height: 20 - 25 ft. Width: 15 - 20 ft. Growth Rate: 1 - 2 ft./yr.

Yoshino Flowering Cherry

Prunus x yedoensis

1.5" \$249 2" \$299 3" \$499

A small, deciduous tree with serrated leaves; they are often bronze-toned when newly emerged, becoming dark green by summer. The flowers emerge before the leaves in early spring; they are fragrant, 1 - 1.5" in diameter, with five white or pale pink petals. The flowers grow in clusters of five or six together. Introduced to Europe and North America in 1902.

The National Cherry Blossom Festival is a spring celebration in Washington, D.C., commemorating the 1912 gift of Japanese cherry trees from Tokyo to the city of Washington.

Height: 30 - 40 ft. Width: 25 - 35 ft. Growth Rate: 1 - 2 ft./yr.

Large Shade Trees

Ginkgo (Maidenhair Tree)

Ginkgo biloba

1.5" \$299 2" \$399 3" \$599 4" \$1199

A large, deciduous tree that matures to 100' tall and is considered to be a living fossil. It features distinctive two-lobed, somewhat leathery, fan-shaped, rich green leaves with diverging (almost parallel) veins. Leaves turn bright yellow in fall.

Height: 50 - 80 ft. Width: 30 - 40 ft. Growth Rate: 1 - 2 ft./yr.

Happidaze® Sweetgum

Liquidambar styraciflua 'Happdell'

1.5" \$299 2" \$399

A nearly fruitless variety. The outstanding form is initially a narrow pyramid, with the well spaced branches projecting more in maturity for an overall dense oval habit with a straight central leader. Glossy green leaves have five lobes, turning maroon and persisting well into fall. An overall course texture, even the young branches are covered bark with corky fissures.

Height: 40 - 60 ft. Width: 25 - 30 ft. Growth Rate: 1 -2 ft./yr.

Tulip Poplar

Liriodendron tulipifera

2" \$299 3" \$599

A deciduous tree that may grow 90 to 120 feet tall and takes its name from its greenish-yellow heartwood and attractive tulip-like flowers. The bark is smooth and dark green on young trees. As the tree ages, wide, white furrows that separate flat ridges develop. In late spring, 2.5-inch flowers with yellow-green petals and an orange corolla mature. It can have superb fall color of yellow to golden yellow but leaves fall prematurely. State Tree of Tennessee.

Height: 70 - 120 ft. Width: 30 - 60 ft. Growth Rate: 2+ ft./yr.

Arnold Tulip Tree

Liriodendron tulipifera 'Arnold'

2" \$499 3" \$599

This upright grower is well suited for narrow spaces, though its stately size is best suited for larger properties. Unusual yellow-green, tulip-like flowers appear in late spring through summer. Foliage has pretty golden yellow color in fall.

Height: 40 - 50 ft. Width: 10 - 15 ft. Growth Rate: 2+ ft./yr.

Claudia Wannamaker Magnolia

Magnolia grandiflora 'Claudia Wannamaker'

6' \$299 8' \$499 10' \$799

Claudia Wannamaker Magnolia is a variety of Magnolia that grows into a full, well-rounded, large tree. This variety of tree grows larger and produces more flowers than other varieties (such as the D.D. Blanchard Magnolia). This tree makes an excellent centerpiece in your yard and is known for its beautiful white flowers.

Height: 40 - 50 ft. Width: 20 - 25 ft. Growth Rate: 1 - 2 ft./yr.

Sweetbay Magnolia

Magnolia virginiana

8' \$299 10' \$399

The Sweetbay Magnolia is semi-evergreen. Pest, disease, and deer resistant as well as salt, pollution, and drought tolerant. Typically multi-stem. White blooms have a sweet, lemon scent. Bright green leaves have a silvery back shimmer and shine as the wind blows.

Height: 30 - 40 ft. Width: 20 - 25 ft. Growth Rate: 1 - 2 ft./yr.

EXCLAMATION!™ London planetree

Platanus acerifolia 'Morton Circle'

2" \$299 3" \$599 4" \$1199

A hybrid between the American Sycamore and Oriental Sycamore. It has superior resistance to Anthracnose and Frost Cracking compared to the pure American Sycamore. Its exfoliating bark begins with shades of green to tan to brown, which peel away to reveal a cream-white colored bark with age.

Height: 55 - 65 ft. Width: 40 - 50 ft. Growth Rate: 3 ft./yr.

Heritage® Oak

Quercus x macdanielii 'Clemons'

1.5" \$299 2" \$399

The Heritage oak develops into an oval shape. It has a strong central trunk that features wide lower branches. Those branches taper towards the crown of the tree. Deep green, lobed leaves turn into yellow and brown shades before dropping for the season.

Height: 50 - 60 ft. Width: 30 - 40 ft. Growth Rate: 1 - 2 ft./yr.

Kindred Spirit® Oak

Quercus × warei 'Nadler'

2" \$399 2.5" \$499

Kindred Spirit is a fast growing oak with glossy leaves that turn a stunning red-orange in the fall. This outstanding columnar oak gets its slim figure from crossing an Upright English Oak with a Swamp White Oak. It's tight, upright habit makes it perfect for small, urban spaces. Highly resistant to powdery mildew and urban pollution.

Height: 30 - 35 ft. Width: 6 ft. Growth Rate: 1 - 2 ft./yr.

Northern Red Oak

Quercus rubra

1.5" \$299 2" \$399 3" \$599 4" \$1199

A medium-sized, moderate to fast-growing, deciduous tree with a rounded to broad spreading crown that branches close to the ground. They have 7 to 11 pointed lobes that are sharply pointed at the tips. The fall foliage is reddish-brown. The bark is smooth on young trees but as it ages, wide, flat-topped ridges and shallow furrows develop. The shallow furrows form a pattern resembling ski tracks. First bears fruits at 20-25 years but doesn't produce acorns in abundance until 40-50 years.

Height: 50 - 60 ft. Width: 50 - 60 ft. Growth Rate: 1 - 2 ft./yr.

Pin Oak

Quercus palustris

1.5" \$299 2" \$399 3" \$599 4" \$1199

One of the faster-growing red oaks. It has a more slender graceful appearance than some oaks. Adaptable to drier and urban conditions. The crown is pyramidal to oval. Won't begin producing acorns until around 20 years old. The branching pattern is unique with the lowermost branches being angled sharply downward, the middle branches horizontal, and the upper branches ascending. Young trees and lower branches of older trees hold leaves throughout winter.

Height: 70 - 90 ft. Width: 40 - 50 ft. Growth Rate: 2+ ft./yr.

Sawtooth Oak

Quercus acutissima

1.5" \$299 2" \$399 3" \$599 4" \$1199

Sawtooth Oak is a medium-sized tree. It grows up to 75 feet tall and is broad pyramidal becoming oval. It can produce acorns as young as 10 years of age and acorns are produced profusely on mature trees. Fall foliage is yellow/brownish in the south and tardily deciduous. It is fast growing as a young tree and heat tolerant.

Height: 50 - 75 ft. Width: 40 - 60 ft. Growth Rate: 2 - 4 ft./yr.

Willow Oak

Quercus phellos

1.5" \$299 2" \$399 3" \$599 4" \$1199

Fast-growing for an oak and starts producing acorns at age 15-20 years. This tree is a high-value wildlife tree for birds and mammals. It is adaptable to a variety of soil types. It is utilized as a shade tree in commercial establishments, parks, golf courses, large yards and as a street tree.

Height: 50 - 80 ft. Width: 30 - 40 ft. Growth Rate: 1 - 2 ft./yr.

Bald Cypress

Taxodium distichum

1.5" \$299 2" \$399 3" \$599 4" \$1199

The bald cypress is a long-lived, pyramidal, deciduous conifer, and a cone-bearing tree. Old trees develop a wide, spreading base that narrows up the trunk with diameters as thick as 3 to 6 feet. A younger tree typically has a pyramidal habit; older specimens have an irregular flat top. It is native to southern swamps, however, it grows very well in drier, upland soils.

Height: 50 - 70 ft. Width: 20 - 30 ft. Growth Rate: 2 - 4 ft./yr.

Shawnee Brave® Bald Cypress

Taxodium distichum 'Mickelson'

1.5" \$299 2" \$399 3" \$599 4" \$1199

It has a narrower shape and denser foliage than Bald Cypress. Flat, linear needles are yellow-green in spring, medium to dark green in summer and reddish-brown in fall. Needles drop shortly thereafter. Reddish-brown bark exfoliates in strips. Root system “knees” only appear on plants growing in water.

Height: 50 - 60 ft. Width: 15 - 20 ft. Growth Rate: 1 - 2 ft./yr.

Greenspire® Littleleaf Linden

Tilia cordata 'PNI 6025' Greenspire™

1.5" \$299 2" \$399

Greenspire Linden is a magnificent shade tree that has a formal, pyramidal shape throughout its life. Has fragrant, yellow flowers in early summer when few trees bloom, and is a very tidy and low maintenance tree. The Greenspire Linden's heart-shaped leaves turn from dark green to outstanding gold in the fall.

Height: 35 - 40 ft. Width: 25 - 30 ft. Growth Rate: 1 - 2 ft./yr.

Dura Heat® River Birch

Betula nigra 'BNMTF'

Clump Form

8'-10' \$199

Clump Form

12'-14' \$299

A more heat and drought tolerant form of this species, with superior insect and disease resistance. The pyramidal form features dense, glossy green leaves that fade to clear butter yellow in fall, and striking winter bark that is a pinkish orange with prominent exfoliation

Height: 30 - 40 ft. Width: 25 - 25 ft. Growth Rate: 3 ft./yr.

Weeping Willow

Salix babylonica

1.5" \$199 2" \$299 3" \$599

Its graceful habit is effective as a specimen at the edges of ponds and lakes or any low spot in the landscape that retains water. With pendulous, weeping branches, a stout trunk, and a broad rounded crown it makes a statement in any landscape.

Height: 30 - 40 ft. Width: 30 - 40 ft. Growth Rate: 2+ ft./yr.

Screening Plants/Evergreens

Nellie R. Stevens Holly
Ilex x 'Nellie R. Stevens'

**** Limited Availability ****

6' \$299 7' \$399 8' \$499

Vigorous growing with a broad pyramidal tree-like form, dense branching, and lustrous, dark green, leathery foliage. An excellent hedge, screen, or specimen. Produces large, bright orange-red berries without a male pollenizer. Use this plant as a specimen or take advantage of its dense, prickly foliage for use as a barrier, hedge, or screen planting. It is excellent in a woodland garden or as part of a foundation planting.

Height: 15 - 25 ft. Width: 10 - 15 ft. Growth Rate: 1 - 2 ft./yr.

Emerald Green Arborvitae
Thuja occidentalis 'Smaragd'

**** Limited Availability ****

7' \$299 8' \$399

A narrow, pyramidal evergreen with dense, emerald green foliage that holds its color throughout winter. Thrives in the heat and humidity of the south, and tolerates dry spells when established. One of the most popular and effective shrubs for screening or tall hedge use. An ideal specimen for topiary.

Height: 10 - 15 ft. Width: 3 - 4 ft. Growth Rate: 6 - 9 in./yr.

Green Giant Arborvitae
Thuja standishii x plicata 'Green Giant'

**** Limited Availability ****

8' \$399 10' \$499

Has a low-branching, dense columnar-pyramidal habit. Dark green sprays of small, glossy, scale-like needles retain their deep green color through the winter. It is a low-maintenance landscaping choice due to its hardiness and uniform growth habit that requires little to no pruning to maintain an attractive shape. It tolerates a wide range of soils. It resists most diseases, insects, periodic droughts, and deer. This tree can grow 3 to 4 feet per year in optimal conditions.

Height: 40 - 60 ft. Width: 10 - 15 ft. Growth Rate: 2 - 4 ft./yr.

Norway Spruce

Picea abies

6' \$299 8' \$399

A large pyramidal evergreen conifer that is native to the mountains of northern and central Europe. In North America it typically matures to a much shorter 40-60' tall. It is noted for its rapid growth. Primary branches are slightly upturned but secondary branches become pendulous as the tree matures.

Height: 40 - 60 ft. Width: 20 - 30 ft. Growth Rate: 1 - 2 ft./yr.

Eastern White Pine

Pinus strobus

8' \$299 10' \$399

An evergreen conifer tree tolerant of a wide range of soil conditions. An attractive, ornamental, landscape tree, singly and in hedges, borders, or woodland areas. Alternatively, plant it in a native, butterfly, pollinator, or nighttime garden, as it will attract butterflies and other pollinators, songbirds, and small mammals.

Height: 50 - 80 ft. Width: 20 - 40 ft. Growth Rate: 2+ ft./yr.
